Brand New Book ***** Print on Demand *****.Excerpt from **The History Science of Heraldry: Concisely Explained, Together With a Glossary of Terms; The Whole Illustrated With Numerous Examples** Enquiries have been occasionally addressed to me on various matters connected with Heraldry, sometimes indicating considerable ignorance of the subject on the part of the questioner. Not only have such enquiries been made by those who might be expected to treat the matter with comparative indifference, but also by draughtsmen, designers, artists, and others to whom a knowledge of Heraldry is certainly desirable, if not indispensable. Being aware that some of the admirable and complete works already written upon the subject are of too diffuse a character to favourably impress the student at the outset, I am induced to offer the following pages for the perusal of those whom they may concern.
