Addison-Wesley Professional, 2004. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "An essential read for any organization using change management. Whether you are new to ClearCase or an experienced user, this book addresses key points that will drive you to a successful ClearCase deployment and usage model." --Adam Levensohn, manager, ClearCase Technical Support, IBM Rational Software "Buckley and Pulsipher offer the voice of hard-won experience leavened with significant amounts of humor, which is not exactly what one expects from a book about configuration management (or any computer science book, for that matter). Now, there's an easy-to-use ClearCase deployment guide for every team member: project managers, analysts, developers, and software customers. Accessible, practical, and full of examples, The Art of ClearCase Deployment demystifies all facets of deployment--from up-front planning through multisite integration. Authors Christian Buckley and Darren Pulsipher draw on nearly two decades of experience helping leading enterprises implement Rational technologies.
