

Psychiatry: A Very Short Introduction

Filesize: 6.51 MB

Reviews

This is actually the greatest publication i have go through right up until now. I really could comprehended every little thing using this composed e book. I realized this book from my i and dad advised this ebook to learn.

(Jimmie Schmidt I)

PSYCHIATRY: A VERY SHORT INTRODUCTION

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Psychiatry: A Very Short Introduction, Tom Burns, Psychiatry is now a highly visible activity - care in the community, compulsion, suicide, drug and alcohol abuse mean that few people are not touched by it. Indeed one in four of us will consult a psychiatrist in our life time. This book explains what psychiatry is, and what it is not. It starts with the identification of the major mental illnesses and why they are no longer considered just variations of 'normality'. It charts the rise of the Asylum and its demise with the developments of Care in the Community, and the flourishing of psychoanalysis and its later transformation into more accessible psychotherapies. More than any other branch of medicine psychiatry has been attacked and criticised. There is a long catalogue of abuses - from mundane neglect and bizarre treatments through to political abuse by totalitarian regimes. Modern psychiatry too brings with it new controversies such as the medicalization of normal life, the power of the drug companies and the use of psychiatry as an agent of social control. The book does not shy away from outlining these issues but provides the reader with a clear understanding of what psychiatry is capable of, and what it is not capable of, so that they can draw their own conclusions. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.
