

Cultural Hegemony Revisited & Transferred

By Helene Hofmann

GRIN Verlag GmbH Okt 2014, 2014. Taschenbuch. Book Condition: Neu. 211x149x3 mm. Neuware - Studienarbeit aus dem Jahr 2013 im Fachbereich Medien / Kommunikation - Theorien, Modelle, Begriffe, , Sprache: Deutsch, Abstract: No other medium is growing as fast as the Internet and the Social Web. According to Mende, Oehmichen and Schröter (2013), the number of users of the Internet and Web 2.0 applications in Germany literally exploded in the past fifteen years a growth that is unique in the history of media development. While in 1997 only 7% of the German population used the Internet at least occasionally, we are now able to record 76% onliners in all age groups, and even 99% onliners in the youngest age group (14-29 years of age) (p. 35). When it comes to social networking sites as an example for Social Web applications Mende et al. report a rapid development. In 2007, merely 7% of online users said they were present in social networks, only five years later, however, there were 37% of onliners that used social networking sites. In the young age group, over three quarters (76%) of the online users are actively involved in social networks (p. 44), demonstrating that these...

Reviews

I actually started looking over this publication. It really is rally interesting throug studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).
